# TIME PENALTIES

- 1) **Time Penalties** are defined as penalties on the clock that cause a team to have less than 6 players on the floor.
- 2) Whenever a goal is scored against a team serving a time penalty, the Referee must ask herself two questions:
  - Is the team that was scored on **shorthanded**?
  - Is the team that was scored on serving a **Minor penalty**?

# TIME PENALTIES

If the Referee answers “**YES**” to **BOTH** questions, then the **Minor** Penalty with the least amount of time is terminated.

**Remember:** If a player has more than 1 minor penalty, then the current penalty being served is terminated and the second penalty will start. This means the team will still be shorthanded.

**Also Remember:** Any player incurring Minors and Majors at the same stoppage in play must serve the Major penalties first.
